

NAUVAL BADIUL FIKRI ALHADAD HS

FRONTEND DEVELOPER

Yogyakarta, Indonesia | [+62 81239638514](tel:+6281239638514) | badiulfikri24@gmail.com | [github](#)

PROFILE

Passionate about Front-End Development. Proficient in crafting modern and responsive web interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS. Maintaining a 3.24 GPA, I am actively looking for internship opportunities to leverage my technical expertise and contribute to professional projects.

PROJECTS EXPERIENCE

BOM System – Manufacturing & Material Calculation Web App

Key Responsibilities & Features:

- User Authentication: Created a secure login system with "Remember Me" and password reset options.
- Automated Calculation: Built a feature that automatically calculates total raw material needs and production costs based on product recipes.
- Inventory & Reports: Implemented features to monitor raw material availability and generate simple production reports.

Klinik PKP Kendal – Housing Consultation & Information Portal

An official public service portal for Balai P3KP Kabupaten Kendal, designed to provide the community with easy access to free housing consultations, mortgage info (KPR), and home design templates.

Key Responsibilities & Features:

- Consultation Access: Integrated an easy-to-use "Contact Us" channel to connect citizens with free housing consultation services.
- Information Center: Developed dedicated sections for managing regional housing data, housing conditions, and mortgage options.
- Design Bank: Created a public repository to display house design templates and architectural layout references.

Pircycle – E-Commerce & Brand Landing Page

Developed a landing page and product catalog platform for Pircycle, a brand that focuses on recycling plastic waste into valuable handicraft products.

Key Responsibilities & Features:

- Product Catalog: Built a clean product catalog interface to showcase eco-friendly crafts with clear action buttons for buyers.
 - Company Profile: Structured the "About Us" and company story sections to highlight the brand's sustainability stats and mission.
 - Customer Communication: Integrated direct chat buttons (WhatsApp/Messenger) to handle retail and wholesale inquiries easily.
-
